

2010 Dartmouth Winter Workshops

Dartmouth Workshops are held Wednesdays from 7:00 pm—9:00 pm at 21 Woodlawn Rd. NSCC Akerley Campus, Dartmouth (unless otherwise specified)*

SHHH its nap time, lie on your bed!

This is part of the day that many teachers dislike. You have the 2-year-olds who think they don't need naps anymore; the 3-year-olds who are out-growing naps; and the parents who tell you they don't want their children napping. And then there are our expectations—nap time is a time to do programming, fill in charts, clean, or take a well deserved break! But how can we do all that when one child is keeping the other 17 awake? Let's problem solve together!

Stefanie Hazelden has been working in the childcare field for 9 years with both children and adults. She has taught many workshops and has also taught courses at the College part-time for 5 years. Stefanie is currently working with the Shearwater Military Family Resource Centre.

Circle Time Props and Storytelling (Repeat)

Want to bring some fun to your circles and support children's active participation and engagement? This workshop will focus on strategies, suggestions, and ideas that toddler and preschool teachers can use to enhance the reading circle and storytelling curriculum. Bring a favourite picture book and we'll brainstorm props and strategies together.

Debbie Thompson is an MSVU Child Studies graduate. She is currently working as an EIBI Program Implementer for the IWK. Debbie has offered a number of upbeat and energetic workshops for NSCECE over the past two years.

Come jump, jiggle, and jive the day away. Prepare for a fun-filled day as we explore the value of singing and dancing in our playrooms. During the morning we'll explore ways to enrich our circle times with props and active songs. In the afternoon you will learn about a program called Jump, Jiggle and Jive and discover new possibilities for adding music and movement to your programs.

Look for the workshop symbol

The college offers a wide variety of workshops each year to help meet the diverse professional development needs of people working in early learning and child care settings.

It is our belief that people at different stages of their career look for different types of professional development opportunities and are interested in different types of conversations about their work. Look for these symbols on our workshop schedule to help you decide if a workshop fits your stage of development.

Budding: Just starting your career in early childhood education? These workshops are designed to meet your early needs and to prepare you for the challenges that lie ahead.

Advancing: Growing in your career? Past the basics? These workshops provide advanced training for maturing early childhood educators, which will reinvigorate you and motivate you to climb a little higher.

Master: These workshops are designed to challenge seasoned early childhood educators who have a rich background in ELCC. You'll dig deeper and find new and innovative information for your maturation and skill level.

Something here for everyone.

Of course, these symbols are just a guideline. We hope they are helpful to you as you make your choices. We look forward to your suggestions and feedback about our workshops to help us fine tune programming for the next term. Please call 420-1492.

Winter Storm Cancellations

Just like daycare, our workshops are rarely cancelled.

- **If there are severe storm conditions resulting in major road closures in Halifax/Dartmouth we will cancel and reschedule the workshop.**
- **A cancellation notice will be put on our phone line at 423-7114. We will also run a banner on our website at www.nscece.ca**
- **The College will call your contact number if there is a storm cancellation.**
- **If the Halifax Regional School Board has cancelled classes on the day of the workshop, the College will also be closed and the evening workshop cancelled.**
